Normal Operations

National Test of the Wireless Emergency Alert (WEA) and Emergency Alert System (EAS)

On 09/20/18, the Federal Emergency Management Agency (FEMA), in coordination with the Federal Communications Commission (FCC), will conduct a nationwide test of the Emergency Alert System (EAS) and Wireless Emergency Alerts (WEA).

- The test will assess the operational readiness of the infrastructure for distribution of a national message and determine whether improvements are needed.
- At 1118 hours, the WEA test message will be sent to cell phones that are connected to wireless providers participating in WEA.
- At 1120 hours, the EAS message will be sent. EAS is a national public warning system that provides the President with the communications capability to address the nation during a national emergency. The test is made available to EAS participants (i.e., radio and television broadcasters, cable systems, satellite radio and television providers, and wireline video providers) and is scheduled to last approximately one minute.

State Operations Center Activation

The State Operation Center (SOC) has been activated to Level 3 in support of state deployments due to hurricane activity in Hawaii and on the East Coast. Operational period will be from 0800-1700 hours.

Emergency Management Assistance Compact (EMAC) resources provided by Cal OES

In support of Hurricane Florence, Cal OES provided resources to the States of Virginia (see Fire Branch report) and South Carolina under the Emergency Management Assistance Compact (EMAC). Below is the corresponding mission number:

- 2018-SOC-51783: Cal OES personnel providing State EOC support
- 2018-SOC-51801: Santa Clara County to provide Local EOC support in North Carolina
- 2018-SOC-51804: San Francisco to provide Local EOC support in North Carolina

Cal OES continues to work with the impacted states to determine additional resource needs.
